Bates College	\$500.00	5	Krystie Wilfong	kwilfong@bates.edu	Associate College Librarian for Collections and Communication

I would like to clarify how Big Ten Academic Alliance (BTAA) and the Colby Bowdoin Bates Consortium (CBB) participated in OACIP. Both consortia wanted to invest in OACIP rather than in any one journal with the sole discretion of how the funds were distributed being left up to me to fill funding gaps. So, when you reach out to both consortia to give your thanks, keep this in mind. Perhaps craft your message as a thank you for investing in OACIP and briefly describe how your journal benefits from their participation. I recommend communicating to Colby, Bowdoin and Bates together in one email. FYI, they actually contributed to OACIP in January.

For clarification, BTAA is made up of the following libraries. Note that some of them already contributed to your journal individually as well.

Indiana University

Michigan State University

Northwestern University

Ohio State University

Pennsylvania State University

Purdue University

Rutgers University-New Brunswick

University of Chicago

University of Illinois at Urbana-Champaign

University of Iowa

University of Maryland

University of Michigan

University of Minnesota

University of Nebraska-Lincoln

University of Wisconsin-Madison

- Development of a Template OACIP Annual Report
 - The editorial board of another OACIP journal - The Journal of Librarianship and Scholarly Communication (JLSC) - volunteered to create a template OACIP annual report for OACIP journals to complete annually starting one year after their fundraising campaign ends. Since the JLSC editorial board is made up of editorial staff as well as librarians, I thought that was a great group to get a first draft going given they will consider journal representatives' as well as the library communities' needs. Once the draft is complete, I will send it to you for review and feedback. I want to make sure that it meets your needs. The plan is for the template to be finalized by early fall. Your journal will not need to provide the first report until the end of 2023. The completed reports will be posted on the OACIP webpage for access.
- Finance Report
 - I will be sending you a financial report near the end of July that will be used to communicate the funds that will be sent to you. Stay tuned!

Please let me know if you have any questions.

Best,

Sharla
