Dear Jeff,

I am pleased to confirm that the Membership Committee has approved the application and your organisation is now listed on our website as a member. Just click on your organisation name on this page:

oaspa.org/membership/members/. Please can you check the information we have for you and let me know whether anything should be updated or changed since your application was submitted. (For example, you will want to explain your publication charge policy, even just saying that you do not charge publication fees, rather than saying 'n/a'?)

Your membership is active immediately and we will shortly send a separate email to you with an invoice for the membership fees. Can you let me know who to send the invoice to please?

In the meantime, there are just a couple of items that I would like to bring to your attention:

1) From time to time we send out notices to our members and so I have added your email address to our list. We will only contact you about issues which concern you as an OASPA member, and we do not share your contact details with any third parties. Our Privacy Statement can be found here: oaspa.org/privacy-statement/

You will be our main contact, however please let me know anyone else from your organisation who would be interested in receiving updates directly from OASPA.

2) As a reminder, continued membership of OASPA is conditional on meeting our membership criteria:

oaspa.org/membership/membership-criteria/ and adhering to OASPA's Code of Conduct:

oaspa.org/membership/code-of-conduct/. The By Laws for OASPA can be found here: oaspa.org/about/by-laws/.

3) As a member you are permitted to use our logo, which can be found here: oaspa.org/membership/logo/

4) I also wanted to let you know that we have recently been running a program of webinars on key issues in open access publishing. We'll email you when future webinars are coming up, however you can access recordings of previous events, as well as slides, here: oaspa.org/information-resources/oaspa-webinars/

5) Finally, please expect to hear from my colleague Bernie Folan shortly, regarding an optional new-member interview and publicity on social media and maybe our blog.

For now, may I take this opportunity to welcome you to OASPA and we look forward to working with you in the future to promote open access publishing.

If you have any queries at all regarding your membership then please do get in touch.

Very best wishes,

Lulu Stader

Membership Coordinator, OASPA
